Que les molesta el brillo que yo cargo
Me vale verga, yo solo brillando
Jalando el Mustang bien acelerado
No se preocupen que solo trabajando

El chamaquito ya anda alebrestado
Prendas en hielo, bien adiamantado
Siempre anda recio, nunca anda calmado
Y en un viajecito yo voy volando

En Miami me miran en fiestado

BEST GUITAR BRANDS FOR MEXICAN REGIONAL MUSIC

Mexican regional music is a genre that encompasses styles like mariachi, banda, norteño, and sierreño. Guitars play a crucial role in this type of music, providing a warm and distinctive sound that perfectly complements the vocals and other instruments. Here, we explore the best guitar brands that have won the hearts of Mexican regional musicians.

1. TAKAMINE

Takamine is a Japanese brand known for its high-quality acoustic guitars. These guitars are very popular among professional musicians due to their excellent sound projection and solid construction. Models like the G Series and Pro Series are ideal for Mexican regional music, as they offer a warm and resonant sound that perfectly suits styles like norteño.
